Specialists in Cosmeceutical Ingredients

## NATURAL SOURCING FEATURES MANGO BUTTER

**Creamy Texture • Spreads Easily • Highly Moisturizing**

**Oxford, CT (January 28, 2015)** - Natural Sourcing is pleased to feature its premium Mango Butter within its growing line of specialty organic ingredients for use in innovative personal care product formulations.

**INCI:** Mangifera Indica (Mango) Seed Butter

**Method of Extraction:** Solvent Extracted and Fully Refined

**Shelf Life:** 2 Years

**Origin:** India

Similar in properties to that of cocoa butter and shea butter, Natural Sourcing Mango Butter offers a soft, semi-solid, creamy texture and possesses a very mild aroma that will not compete with the aroma or fragrance of your finished product.

To produce the butter, mango kernels are collected and typically sun dried prior to careful decortication (de-shelling) and extraction. The butter is fully refined to produce a luscious, creamy white butter with mild aroma perfectly suited for the finest beauty, cosmetic and personal care applications.

Tocopherol (50ppm) is added to ensure a stable, 2 year shelf life. Natural Sourcing Mango Butter is then carefully packaged and stored to maintain the purity, freshness and beneficial properties of this highly nutritive, premium quality butter.

### Uses:

Natural Sourcing Mango Butter is an especially creamy and velvety mango butter that absorbs well and leaves the skin looking and feeling hydrated. When used in moisturizers or alone, Mango Butter helps reduce the appearance of wrinkles and is ideal for moisturizing, soothing and protecting parched, dry, or damaged skin, lips and hair. In hair care applications it promotes healthy hair by nourishing the hair shaft and conditioning dry or distressed hair. Natural Sourcing Mango Butter is a highly versatile and nourishing lipid that can be used in numerous applications, but it is especially well suited for inclusion in whipped body butters and other moisturizing applications.

### Mango Butter is Suitable for the Following Personal Care Applications:

- Skin Care
- Hair Care
- Nail Care
- Lip Care
- Cosmetics
- Baby Care
- Massage
- Soap
- Aromatherapy

### Mango Butter Properties:

- Highly Moisturizing
- Natural Emollient
- Quick Absorption
- Spreads Easily on Skin
- Soft, Semi-Solid Consistency
- Creamy Texture
- Non-Greasy
- Very Mild Aroma

### About Natural Sourcing, LLC:

Natural Sourcing specializes in the procurement and supply of over 500 natural ingredients for cosmeceutical, spa, massage and aromatherapy applications. Ingredients are carefully selected for their quality and functionality in skin care, hair care and beauty treatments. Natural Sourcing's ingredient lines consist of nutritive specialty ingredients including berry oils, organic beeswax, organic shea butter, pomegranate oil and watermelon seed oil. Additionally, Natural Sourcing offers over 25 categories of natural ingredients.

Natural Sourcing is a member of the Organic Trade Association and has its organic certification through CCOF. Natural Sourcing is dedicated towards becoming an increasingly strong presence in the growing awareness of the importance and benefits of organic skin care.

Natural Sourcing operates a 30,000 square foot facility in Oxford, Connecticut.

Customers and interested parties can learn more about Natural Sourcing or request a brochure and product samples by visiting its Web site or by calling its Customer Care department.
