

NATURAL SOURCING™

Specialists in Cosmeceutical Ingredients

Commitment to 100% Renewable Energy

Since its inception in 1997, Natural Sourcing has been on the forefront of the green movement. As a part of its commitment to eco-ethical business practices, Natural Sourcing utilizes 100% renewable, pollution-free electricity through a partnership with national Clean Energy provider, Arcadia Power. Arcadia Power partners with sustainability-minded companies and organizations to combat climate change and secure a better future for our planet.

Natural Sourcing Internal Standards and Commitment

Natural Sourcing's Green Energy partnership with Arcadia Powder is one of several initiatives that Natural Sourcing has implemented over the past several years as a part of its Sustainability Commitment and Platform:

- Harnessing 100% clean energy to power its 30,000 square foot corporate headquarters.
- Using eco-friendly LED lights to illuminate all indoor and exterior areas of our facility.
- Donating excess oils for use in biodiesel applications.
- Sponsoring a recycling program.
- Utilizing UPS Carbon Neutral for all UPS shipments.

As a forward-thinking corporation, Natural Sourcing actively continues to focus upon expanding its sustainable initiatives for ethically procuring superior quality, fair trade natural ingredients.

For more information, view Natural Sourcing's Sustainability Commitment and Platform details available via the Natural Sourcing Web site.
